AGREEMENT

I understand that being an AVID Tutor is a leadership opportunity that requires a lot of self-responsibility and accountability. Attendance to the class is mandatory, and if not needed, students are expected to report to the designated area for the duration of the class period. Students are not allowed to leave campus at any time and will receive a cut for the period if found doing so.

I understand that being an AVID Tutor is a mentor position that requires excellent behavior, positive role modeling, and academic success. Therefore, AVID Tutors must maintain good academic and discipline standing. If either becomes a problem, the AVID Coordinator, at his/her discretion, can remove the student from the class at anytime.
